Delaware RFP GSS12657-CSSP Questions and Answers

Question	Answer
Under "Proposal Evaluation Procedures," Section E (Criteria and Scoring) , on page 15, item 2 makes reference to appendix C and appendix B as part of the criteria. In the current solicitation, GSS12657-CSSP, we have Attachment A for pricing.	You may ignore the reference to appendix C and appendix B. It is Attachment A that bidders should focus on and respond to.
Asks for a phone number to accept calls. We do have an 800 number for customers to contact customer service. How will schools access the product pricing for Attachment A. Will the pricing be posted to the state's website for schools to access?	Pricing will be posted to the State's website as part of the "Award Notice" on www.mymarketplace.delaware.gov under the Contracts Tab for Schools to access.
Do all lines, within Attachment A, require a product offering to be considered for award? For example, if one line is blank, will the response be deemed non-responsive? Should a field be added to note the part number being offered by our company? Currently there is only a place for bid price.	NO, leaving a line blank will not be considered non-responsive. Please add fields as necessary.
Will the state award by line, or in aggregate as noted RFP in Attachment A?	Awards <u>may</u> be made on a line item bases.
Will the state except product offers if there is not an exact match to the item specified?	Bidders make suggest alternatives but should do so by adding a Tab to the Excel spread sheet.
We have a large number of products that we would like to make accessible to the state, beyond that of the basket of items under RFP 68 and RFP 70. Will the state consider additional discounts and product offering?	YES. Bidders may present additional items as an additional Tab on the Excel Spread Sheet. The State will welcome alternative presentation of such items. However, those items may or not become part of a final core list of awarded items in the contract.
it states that there will be no substitutions allowed on appendix A.	Bidders may suggest substitutions with pricing but should do so on a separate tab making reference to the item requested in the RFP
